EDUCATION

KIET Group of Institutions | Ghaziabad, India

Oct 2025 – May 2027

Master of Computer Applications (MCA)

Anand Engineering College | Agra, India

Sept 2022 – May 2025

Bachelor of Computer Applications (BCA)

EXPERIENCE

Xcentic Technologies — Java Developer Intern | Ghaziabad, India

June 2026 – Present

- Contributing to backend development using Java and Spring Boot under the guidance of the engineering team.
- Working on REST API design, implementation, and integration for ongoing product features.
- Collaborating with the team to debug, test, and maintain existing modules of the codebase.
- Gaining hands-on exposure to real-world software development practices and team-based version control workflows.

PROJECTS

Car Rental System

Java Spring Boot, React.js, MySQL

- Designed and built a full-stack car rental platform with role-based access for customers and admins.
- Engineered REST APIs for vehicle booking, availability checks, and authentication using Spring Security.
- Built a responsive React.js frontend with dynamic search and booking flows.
- Modeled a relational schema in MySQL to handle bookings, vehicles, and customer records.
- Managed the full development lifecycle independently using Git/GitHub.

Online Food Ordering System

Java Spring Boot, React.js, MySQL

- Built a food ordering platform with menu browsing, cart management, and order placement.
- Implemented secure JWT-based authentication and session handling for user accounts.
- Developed REST APIs for menu, cart, and order workflows with input validation and error handling.
- Designed a responsive React.js UI supporting real-time cart updates.

TECHNICAL SKILLS

Languages: Java, JavaScript, SQL

Backend & Frameworks: Spring Boot, Hibernate, JDBC, REST API

Frontend: HTML, CSS, JavaScript, React.js

Databases: MySQL, MongoDB

Tools: Git, GitHub, Maven, Postman

Core Concepts: OOPs, Data Structures, Collections Framework, Exception Handling, MVC Architecture, REST API Integration, JWT Authentication, Spring Security, Agile Basics, SDLC, Version Control (Git/GitHub)

CODING PROFILE

LeetCode: 183 problems solved (Java, SQL, JavaScript)

- Strong focus on Arrays, Hash Tables, Two Pointers, Binary Search, and Dynamic Programming.

CERTIFICATIONS

Open Source Contributor – GirlScript Summer of Code (GSSoC) 2026

Ongoing

- Selected as a contributor; actively working on assigned open-source issues.

Java Full Stack Development – Udemy

In Progress

- Java, Spring Boot, Hibernate, REST APIs, React.js, and database integration.

POSITIONS OF RESPONSIBILITY

Editor – College Newspaper | KIET Group of Institutions

- Managed editorial content creation and publishing processes.
- Collaborated with teams to publish newsletters and student updates.
- Demonstrated leadership, communication, teamwork, and organizational skills.
